

**Determine which requirements you will follow: the current quarter system catalog requirements or the new semester system catalog requirements. i.e., chose the system which has the fewest remaining requirements.**

Make use of the tools on the GET and CSNS and make a comparative evaluation of the remaining requirements under both Quarter and Semester systems.

**GET:**

**STEP 1:** Run a Campus Academic Advisement Report (CAAR), a.k.a. Degree Progress Report, GET to know where you stand.

The screenshot shows the GET interface with the following components:

- Academics** (expanded):
  - Individualized Advisement Plan
  - Deadlines
  - URL
  - Academic Requirer (dropdown)
  - Academic Requirements (selected)
  - Advisor Notes
  - CSU Campus page
  - Course History
  - Transcript: View Unofficial
  - Transfer Credit: Report
  - What-if Report
  - other academic...
- This Week's Schedule** (table):
 

Class	Schedule
MATH 248-01 LEC (33183)	TuTh 9:50AM - 11:30AM SH C266
PHYS 212-10 LEC (34623)	MoWe 4:20PM - 5:35PM SH C358B
PHYS 212-12 LAB (34625)	Mo 6:00PM - 8:30PM BIOS 215
PHYS 212-15 ACT (34628)	Mo 11:00AM - 12:40PM BIOS 273
PSY 150-01 LEC (32578)	TuTh 1:30PM - 3:10PM KH LH1
UNIV 401-10 LEC (34173)	TuTh 6:10PM - 7:50PM KH B4009
- Holds**: No Holds.
- To Do List**:
  - College Transcript Received
  - High School Transcript Recv'd
  - IRS Tax Transcript - Parent(s)
  - IRS Tax Transcript-Stdnt/Spse
  - Verifi Wkst - Dep
  - Individualized Advisement Plan
  - more ▶
- Enrollment Dates**: Enrollment Appointment

**STEP 2:** Process the “What-if” Report requirements and note the requirements.

The screenshot shows the GET interface with the following components:

Process it by creating a new scenario

### Career Scenario

Select a career for which you want the change to take place.

Chose to remain in Quarter System for GE

Institution	Career	Requirement Term
Cal State University, L.A.	Undergraduate	Fall Quarter 2015

### Program Scenario

The information that appears on the page by default is your current academic information. You can use the fields below to set up a what-if scenario based on one or more programs of study. You can define up to three scenarios.

Change to Semester System for the major

Academic Program	Area of Study	Plan Term	Concentration	Subplan Term
Engr, Comp Sci, & Tech	Engineering - Computer Science	Fall 16	n/a	
None	None		None	
None	None		None	

## CSNS:

### STEP 1: Process the Program requirements as

<b>Major</b>	Computer Science
<b>Program</b>	Bachelor of Science in Computer Science (Quarter)

### STEP 2: Process the Program requirements as

<b>Major</b>	Computer Science
<b>Program</b>	Bachelor of Science in Computer Science (Semester)

As a general rule of thumb, the following scenarios may be mostly applicable.

- If you are in CS2xx level courses, switch to the Semester system
- If you are in CS3xx level courses, decide between Quarter/Semester system
- If you are in CS4xx level courses, stay with the Quarter system

A student has thus determined which set of University/GE and major requirements they will be following. They will make a list of all the remaining classes that one needs to graduate to formulate an Individualized Advisement Plan
